

# Building a place for everyone!

There is no more beloved place in the Valley Forge Mountain neighborhood than our Sun Bowl Park. But years of decay have pushed us to a time of improvement. After much thought – and consultation with members at the Annual Meeting – the VFMA Board has decided to push forward with the construction of a permanent pavilion structure at the Sun Bowl. It will replace the tattered tent structure we had to re-buy every few years, and provide a more permanent site for VFMA events as well as convenient spot for gatherings and personal use by residents of the neighborhood. We believe it will enhance the quality of life on the mountain and bolster the value of our properties. We are going to try to pay for the construction with fundraising so as not to affect current VFMA budgets. The costs are spelled out below. It's ambitious. But with your help, we believe it's achievable. So get ready for a wave of fun events – including a way to have your name permanently displayed near the pavilion itself! We're looking forward to building a place for everyone. We need your help.

20' X 40' ALPINE-STYLE WOOD PAVILION BUILT BY SPACE MAKERS OF BEAR, DE

COMMEMORATIVE PATIO MADE OF SPONSORSHIP BRICKS INSCRIBED WITH DONOR NAMES

METAL ROOF

POURED SLAB BASE

## HOW YOU CAN HELP!

Besides taking part in many of the fun events and fundraisers, here are two big ways you can help:

### BUY A BRICK!

Scan the QR code below to see how you can sponsor a brick and have your name permanently displayed at the pavilion!

### DONATE DIRECT

Scan the QR code below to see complete details at the VFMA website, and to donate in the amount you choose.
